Beloved Brother,

I have heard that Brothers Angel and Marco were expelled for going against the Administration. That is also what happened to Miriam and Aaron when they rebelled against Moses. God was angry at them and they had leprocy. But it was also Moses who pleaded to God to forgive his siblings. Jose, who is one of the 12 sons of Jacob, became powerful and governed in Egypt and God gave him his 10 siblings who wronged him. He had the power to revenge and have them killed. But he did not do this. Jose ascended from his throne and went to his brothers and embraced them one by one, weeping and promised them blessings. My prayer to God is to one day hear that you yourself will go to Sis. Tenny and Bro. Marco wherever they may be and if they want to live here in Hawaii. There are two vacant houses here and if Bro. Angel will agree, he could be in California. While we incite the brethren to hate Sis. Tenny, Brothers Angel and Marco, the brethren continue to love them all the more while their fear of you intensifies. This is my true conviction. I love all of those who come from the clan of the messenger.

Your Brother,
Jesse S. Macaspac
